

# Feed support services for farmers

Do you need help sourcing supplementary feed or grazing for your livestock? The Ministry for Primary Industries (MPI) is funding DairyNZ, Beef + Lamb New Zealand, Federated Farmers, and other specialist providers to offer feed planning and coordination services.

## Feed Coordination Service

The Feed Coordination Service helps to connect farmers with surplus feed – such as hay, silage, or grazing – to farmers who need it.

People can use the service to:

- List surplus supplementary feed for sale
- Source supplementary feed to buy
- List grazing
- Find grazing.

**The Feed Coordination Service operates nationally and is FREE to use.**

### Need feed now?

**Call 0800 FARMING or 0800 327 646 and follow the voice prompts.**

## Get in touch now

Help is on hand. The earlier you plan and make decisions, the better prepared you will be.

Give us a call.

## Feed Planning Service

The Feed Planning Service connects you with an industry expert to get feed planning assistance.

Having a feed budget can help you:

- Calculate your feed demand
- Calculate your feed supply
- Investigate options to fill feed gaps
- Proactively make decisions.

Getting a plan in place can help give you peace of mind. We can help you do a “snapshot feed plan” in 20 minutes.

**The Feed Planning Service operates nationally and is FREE to use.**

**Call 0800 FARMING or 0800 327 646 and follow the voice prompts.**
